

May 9, 1973

opposed vote no. You are voting on the advancement of LB 366 as amended from General File. Are you all through voting? Clerk will record. I'm sorry, Senator Warner.

CLERK: 28 ayes, 1 nay, 20 not voting.

PRESIDENT: Very good, the bill's advanced. Do we have any other--well, that brings up for General File debate then LB 275. Okay, Senator Stahmer's absent, about 149?

CLERK: Reads title of LB 149. The bill was first considered on May 4, title was read and the bill was laid over. There are committee amendments by Senator Schmit's agriculture committee.

PRESIDENT: Chair recognizes Senator Schmit for the committee amendments.

SENATOR SCHMIT: Mr. President, members of the Legislature, I move the adoption of the committee amendments. The committee amendments basically provide for a vice chancellor of the college of agriculture rather than a chancellor as proposed in the original bill. The committee amendments go into some detail but to sum it all up that's about the extent of the committee amendments and if you would like to have other explanation I think Senator Kremer is much more qualified to explain what is in the bill than I would be. But I move the adoption of the committee amendments.

PRESIDENT: Is there a need now for discussion of the committee amendments? Any further explanation Senator Kremer? All right. Question is, shall the committee amendments be adopted? All those in favor please say aye, those opposed say n o. So ordered, committee amendments are adopted. Back to you, Senator Kremer.

CLERK: All right, now Mr. President, there are some other amendments being offered by Senator Carpenter as follows. Reads amendments.

SENATOR CARPENTER: Mr. President.

PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: I've talked with others who are interested in this amendment and we've agreed among ourselves to attempt to bring 423 which is on E & R for engrossing back to Select File for this specific amendment. With that in mind, I ask unanimous consent to take it off of this bill.

PRESIDENT: All right, are there objections to removing that amendment at this time for consideration for this bill? Any objections? Hearing none, so ordered. Amendment is withdrawn. Any other amendments to the bill?

CLERK: None.

PRESIDENT: All right, Senator Kremer, back to you.

SENATOR KREMER: Mr. Chairman, members of the Legislature, the amended version of LB 149 sets forth to accomplish five provisions and I'll try to explain them because this is the bill, as amended by the committee. (1) To establish the legal components of the University of Nebraska including a chief governing administrative unit and three universities, by name, the University of Nebraska at Lincoln, the University of Nebraska at Omaha, and the University Medical and it adds, and such other institutions and units as may be designated by the Legislature. (2) To aid to present provisions of law administrative positions by name over which the board of regents
